

Yarn Color Conversion Charts

Vanna's Choice to: Stylecraft Special DK
 I Love This Yarn!
 Red Heart Super Saver
 Caron Simply Soft

Please note that these are merely suggestions.

Some of the yarn colors from Vanna's Choice yarns could not be approximated in the other brands. Some conversions are not quite as close as I'd like, but they should be close enough!

These conversions were created using photo color samples provided by each line of yarn. Colors will most likely not be exact. Colors without matches have been left blank.
